

EPAC IV program

PAIRS Tunisia2017

Tunis Arena Congress and Events Center

Plenary room

Friday November 10th, 2017

8:15-8:30	Welcome to participants and program introduction	Nadia Hammami, Khalil Hamza and Hicham Kobeiter
-----------	--	---

Vascular interventional program arterial occlusive disease

8:30-8:35	Claudicate patients TASC	Mohamed Altwallah (Saudi Arabia)
-----------	--------------------------	----------------------------------

8:35-8:40	Chronic critical limb ischemia (TASC)	Mohamed Altwallah (Saudi Arabia)
-----------	---------------------------------------	----------------------------------

Aorto-iliac level

8:40-8:55	How do I treat an aortic stenosis?	Hicham Kobeiter (France)
-----------	------------------------------------	--------------------------

8:55-9:10	How do I treat an iliac lesion?	Tarek Sraieb (Tunisia)
-----------	---------------------------------	------------------------

9:10- 9:25	Endovascular aorto-iliac reconstruction compared to surgery	Mohamed Bouayed (Algeria)
------------	---	---------------------------

Femoro-poplital level

9:25- 9:40	CTO: Occlusion: When and how to stay in intraluminal?	Salah Dine Qanadli (Switzerland)
------------	---	----------------------------------

9:40-9:55	CTO: Occlusion: When and how I get into sub-intimal tract?	Amine Chouiter (Switzerland)
-----------	--	------------------------------

9:55-10:10	When I use drug coated stent or balloon?	Salah Dine Qanadli (Switzerland)
------------	--	----------------------------------

Leg level

10:10-10:25	How to treat occlusive lesions below the knee?	Amine Chouiter (Switzerland)
-------------	--	------------------------------

10:25-10:35	Discussion	
-------------	-------------------	--

10:35 – 11:00 coffee break

Neuro-vascular interventional program

11:00-11:20	Mechanical thrombectomy in acute ischemic Stroke	Nadia Hammami (Tunisia)
-------------	--	-------------------------

11:20-11:50	Stroke recorded cases	Jacques Moret (France)
-------------	-----------------------	------------------------

11:50-12:10	Catch thrombectomy device: Istanbul experience	Batuhan Kara (Turkey)
-------------	--	-----------------------

12:10-12:30	Carotid artery stenting	Khalil Kurdi (Saudi Arabia)
-------------	-------------------------	-----------------------------

12:30-12:45	Carotid endarterectomyvs CAS what literature tells us	Jalel Ziadi (Tunisia)
-------------	---	-----------------------

12:45- 14:00

Lunch break

supported by Philips company: 3D Guidance for Intra-arterial Therapies of Liver Cancers : Hicham Kobeiter / Haytham Derbel

Interventional oncology program

HCC

14:00-14:10

Therapeutics modalities: BCLC and Hong Kong consensus

Khalil Hamza (Tunisia)

14:10-14:20

HCC surgery

Taher Khalfallah (Tunisia)

14:20-14:35

HIFU noninvasive ablation

Mohamed Hamad (Egypt)

14:35-15:15

Non-surgical treatment

Ablatives techniques (RF MW)

Leila Charrada-Ben Farhat (Tunisia)

TACE

Leila Charrada-Ben Farhat (Tunisia)

Combined techniques

Khalil Hamza/ Leila Charrada-Ben Farhat (Tunisia)

15:15-15:25

Radio embolization

Abbas Chamsuddine (Lebanon)

Colorectal metastases

15:25-15:35

Oncology Context

Olfa Gharbi (Tunisia)

15:35-15:45

Hepatic metastases surgery

Taher Khalfallah (Tunisia)

15:45-16:00

Indication and technics for colorectal hepatic metastases ablation

Leila Charrada-Ben Farhat (Tunisia)

16:00-16:15

Portal and hepatic embolisation

Sameh Awad (France)

16:15 – 16:30 coffee break

16:30-17:30

Workshops

Room1

Thoracic and abdominal biopsy : Tips and tricks

Imane Kamaoui / Badr Alami (Morocco)

Room2

Unclassic indications for the use of the double lumen balloon + flow model training (**BALT**)

Nader Sourour (France)

Room3

Biliary drainage and stenting

Khalil Hamza (Tunisia)

17:30-18:30

Junior Games

Haythem Derbel (France)

Saturday November 11th, 2017

Musculo-skeletal interventional radiology program

8:30-8:45	Spinal infiltrations	Hatem Rajhi (Tunisia)
8:45-9:00	Osteo-articular infiltrations with sonography guidance	Meriem Mechri Rekik (Tunisia)
9:00-9:15	Disco-vertebral biopsy	Mouna Chelli Bouaziz (Tunisia)
9:15-9:30	Percutaneous biopsy of primary bone tumors: advantages and limitations	Hend Riahi (Tunisia)
9:30-9:45	Vertebroplasty: state of the art	Mouna Chelli Bouaziz (Tunisia)
9:45-10:05	Percutaneous treatment of osteoid osteomas	Hend Riahi (Tunisia)

10:05-10:10

Discussion

10:10 -10:30 : coffee break

Vascular disease

Superficial vascular malformations

10:30-11:00	Classification and therapeutic modalities	Khalil Hamza (Tunisia)
-------------	---	------------------------

Emergency interventional radiology

11:00-11:20	Treatment Strategy of bleeding in patients with multiple trauma: Pelvic embolization in the polytraumatized patient with pelvic bleeding	Hicham Abada (Dubai)
11:20-11:30	Pelvic embolization in postpartum hemorrhage	Mustapha Maâroufi (Morocco)
11:30-11:40	How do I treat hematoma caused by anticoagulant overdose	Salah Dine Quanadli (Switzerland)
11:40-12:40	Junior Games	Haythem Derbel (France)

12:40-14:00

Lunch break

Interventional vascular program (aneurysmal disease) Part 1: Neuro

Cerebral aneurysms

14:00-14:15	Endovascular management of cerebral aneurysms	Nadia Hammami (Tunisia)
-------------	---	-------------------------

Interventional vascular program (aneurysmal disease) Part 2: Peripheral

Thoraco-abdominal aneurysms

14:15- 14:35 Complex aneurysms: alternatives to custom made endoprosthesis: chimney, home-made, in situ perforation Hicham Kobeiter (France)

14:35-14:55 Traumatic rupture of the aorta : endovascular management Bilel Derbel / Faker Ghedira (Tunisia)

14:55-15:00 **Discussion**

Internal iliac aneurysms, Visceral aneurysms

15:00-15:25 When and how I embolise only? Khalil Hamza (Tunisia)

15:25-15:45 When and how I treat with a covered stent only? Hicham Abada (Dubai)

15:45-16:00 **Discussion**

16:00 -16:30 : coffee break

16:30-17:30

Workshops

Room1

Thoracic and abdominal biopsy :
Tips and tricks

Imane Kamaoui / Badr Alami (Morocco)

Room2

Biliary drainage and stenting

Khalil Hamza (Tunisia)

Room3

Stroke management with
thromboaspiration : + flow model
training

Abdelaziz Fathallah
(France) **PENUMBRA**

17:30-18:00

Junior games awards, Posters
Acknowledgments and concluding remarks

Abbas Chamsuddin
(Lebanon) / Mohamad
Altwalah (Saudi Arabia)
